Sistemi scorrevoli soluzioni funzionali

Sistemas correderos soluciones funcionales

Sliding systems functional solutions

Schiebesysteme funktionelle Lösungen

I nostri sistemi scorrevoli soddisfano i migliori requisiti di design, qualità e sicurezza in contesti residenziali e commerciali.

Nuestros sistemas correderos cumplen los requisitos mejores diseño, calidad y seguridad en edificios residenciales como comerciales.

Our sliding systems satisfy the best requirements concerning design, quality and safety both in private and commercial applications.

Unsere Schiebesysteme befriedigen die besten Design-, Qualitäts- und Sicherheitsanforderungen sowohl in Wohn- als auch in Handelszusammenhängen.

Flo

+++

- design compatto
- facile installazione
- ammortizzazione regolabile

- diseño compacto
- fácil instalación
- amortización ajustable

- compact design
- easy installation
- adjustable damping

- kompaktes Design
- einfache Montage
- justierbare Dämpfung

Sistema scorrevole compatto di soli 50 mm di altezza. Facile installazione. Munito di un innovativo sistema di ammortizzazione variabile e di regolazione di messa a bolla direttamente da terra. Design essenziale.

Sistema de deslizamiento compacto de sólo 50 mm de altura. Fácil instalación. Equipado con un innovador sistema de amortiguación de las reglas y reglamentos establecidos en marcha la burbuja de la tierra. Diseño esencial.

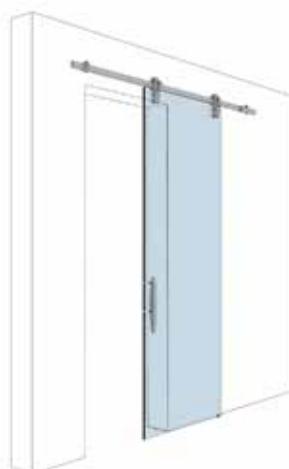

Compact sliding system only 50 mm high. Easy installation. Equipped with an innovative damping system which is adjustable and adjusts set-up bubble directly from the ground. Essential design.

Kompaktes Schiebesystem von nur 50 mm in der Höhe. Einfache Montage. Ausgestattet mit einem innovativen Dämpfungssystem, das verstellbar ist und direkt vom Boden errichtet werden kann. Wesentliche Bauweise.

Neus

+++

- design accattivante
- leggerezza estetica
- applicazioni a muro e su vetro

- diseño atractivo
- ligereza estética
- aplicaciones de pared y vidrio

- engaging design
- aesthetic lightness
- wall and glass applications

- verlockendes Design
- ästhetische Leichtigkeit
- Wand- und Glasmontage

Sistema scorrevole coordinato Neus design system. Soluzione altamente flessibile, si sposa con sopraporta e sopraluce in cristallo, muratura, legno e strutture metalliche.

Sistema de deslizamiento coordinado Neus design system. Solución muy flexible, ya que combina con sobrepuerta y las estructuras de vidrio, mampostería, madera y metal.

Neus design coordinated sliding system. Highly flexible solution, it combines with overdoor and glass transom, masonry, wood and metal structures.

Neus Design koordiniertes Schiebetürsystem. Hochflexible Lösung, weil es sich mit Supraporte, Riegelglas, Mauerwerk, Holz und Metallstrukturen verbindet.

Slak

+++

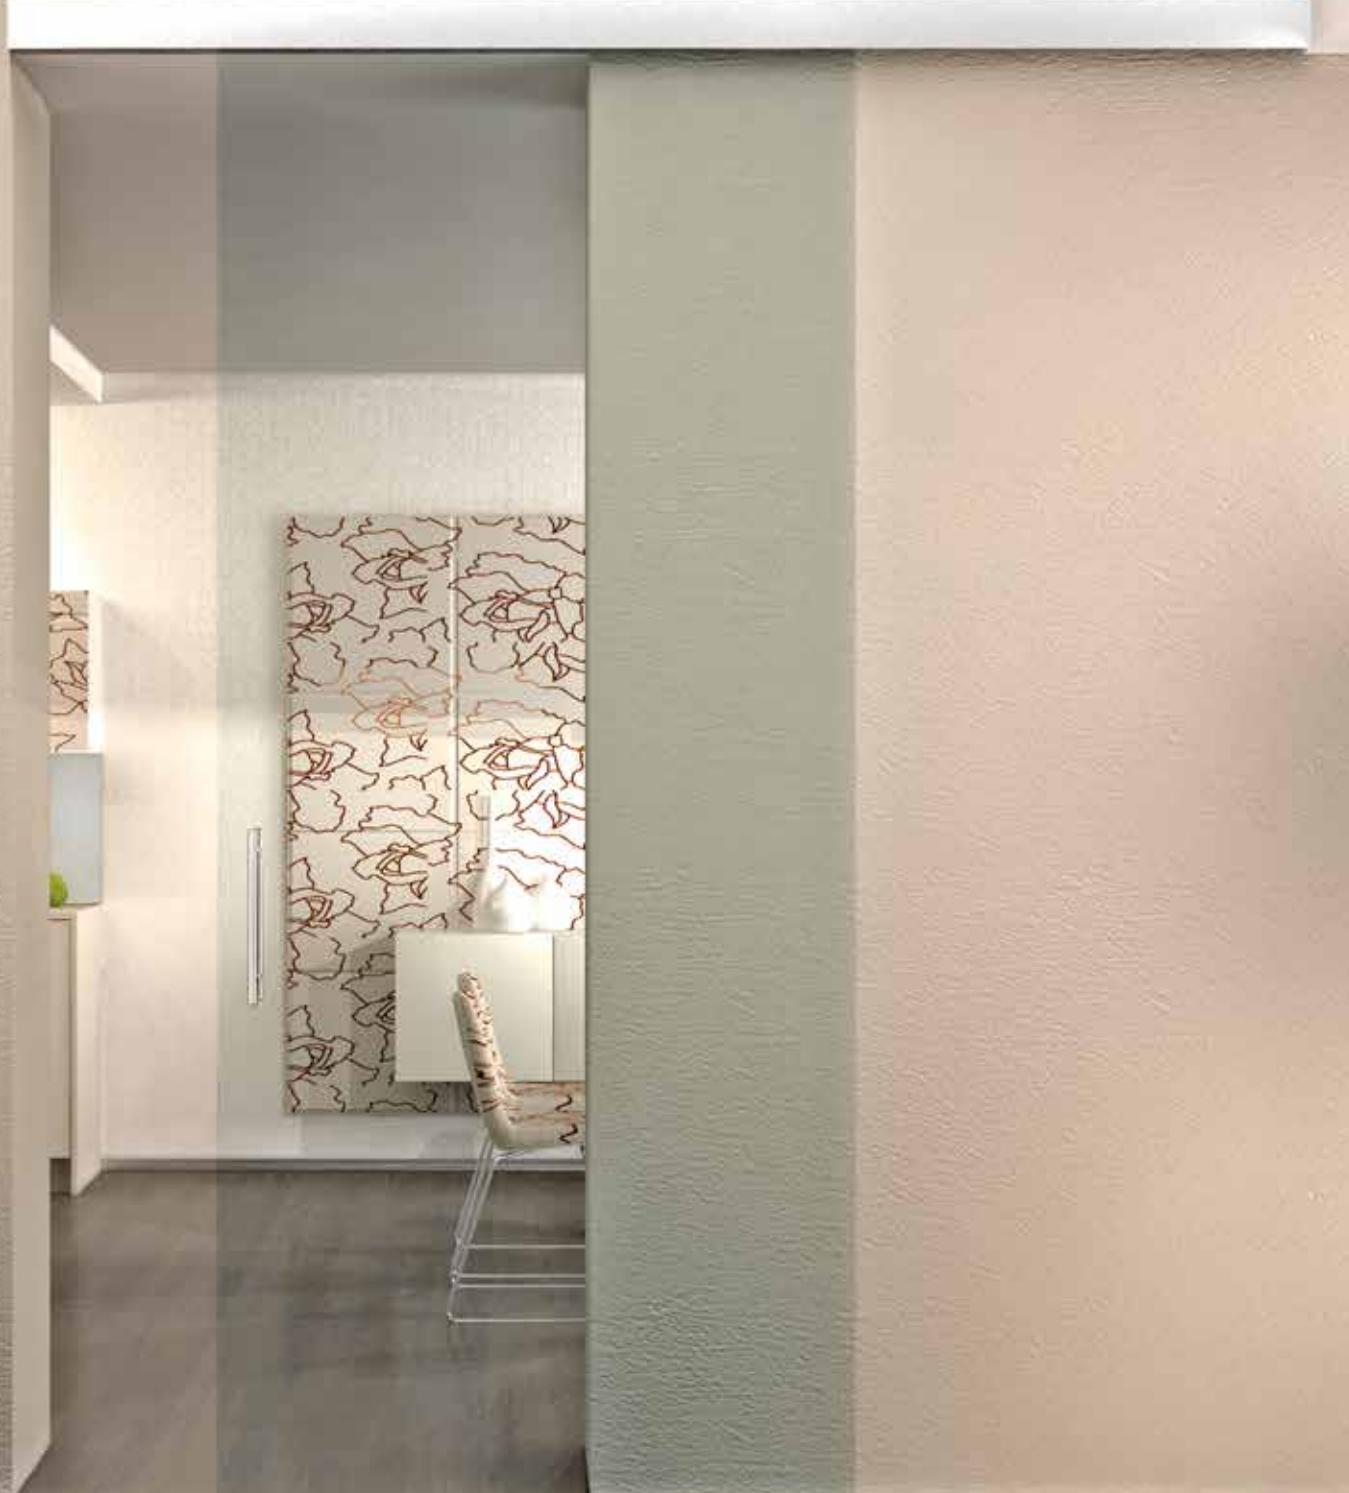

- robustezza e affidabilità
- applicazioni a soffitto, muro e vetro
- optional sistema soft-close
- solidez y fiabilidad
- aplicaciones de techo, pared y vidrio
- opcional sistema soft-close
- hardness and reliability
- ceiling, wall and glass applications
- soft-close system as optional
- Stärke und Zuverlässigkeit
- Decke-, Wand- und Glasmontage
- Soft-close System als optional

Sistema scorrevole con veletta dalle dimensioni ridotte. Sobrio ed elegante in 103 mm di altezza. Il meccanismo interno è particolarmente robusto e affidabile e supporta fissaggi a parete o a soffitto nelle varianti con anta singola o doppia.

Sistema de deslizamiento con velo de espacio menor. Sobrio y elegante en 103 mm de altura. El mecanismo interno es extremadamente robusto y fiable, y apoya a la pared o el techo en las variantes con puerta simple o doble.

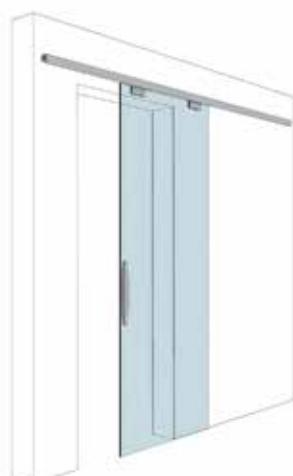

Sliding system with small sprandel panel. Simple and elegant. 103 mm high. The internal mechanism is extremely robust and reliable and supports wall or ceiling fixing, from single to double door.

Schiebesystem mit kleinem Anlauf. Einfache und elegante 103 mm in der Höhe. Der interne Mechanismus ist besonders robust und zuverlässig und er unterstützt Befestigung an Wände oder an Decken in Varianten mit Einzel- oder Doppeltür.

Slak-2

+++

- robustezza e affidabilità
- veletta ridotta e pinze a vista
- optional sistema soft-close

- solidez y fiabilidad
- cárter reducido y pinzas para vista
- opcional sistema soft-close

- hardness and reliability
- reduced spandrel panel and clamps at sight
- soft-close system as optional

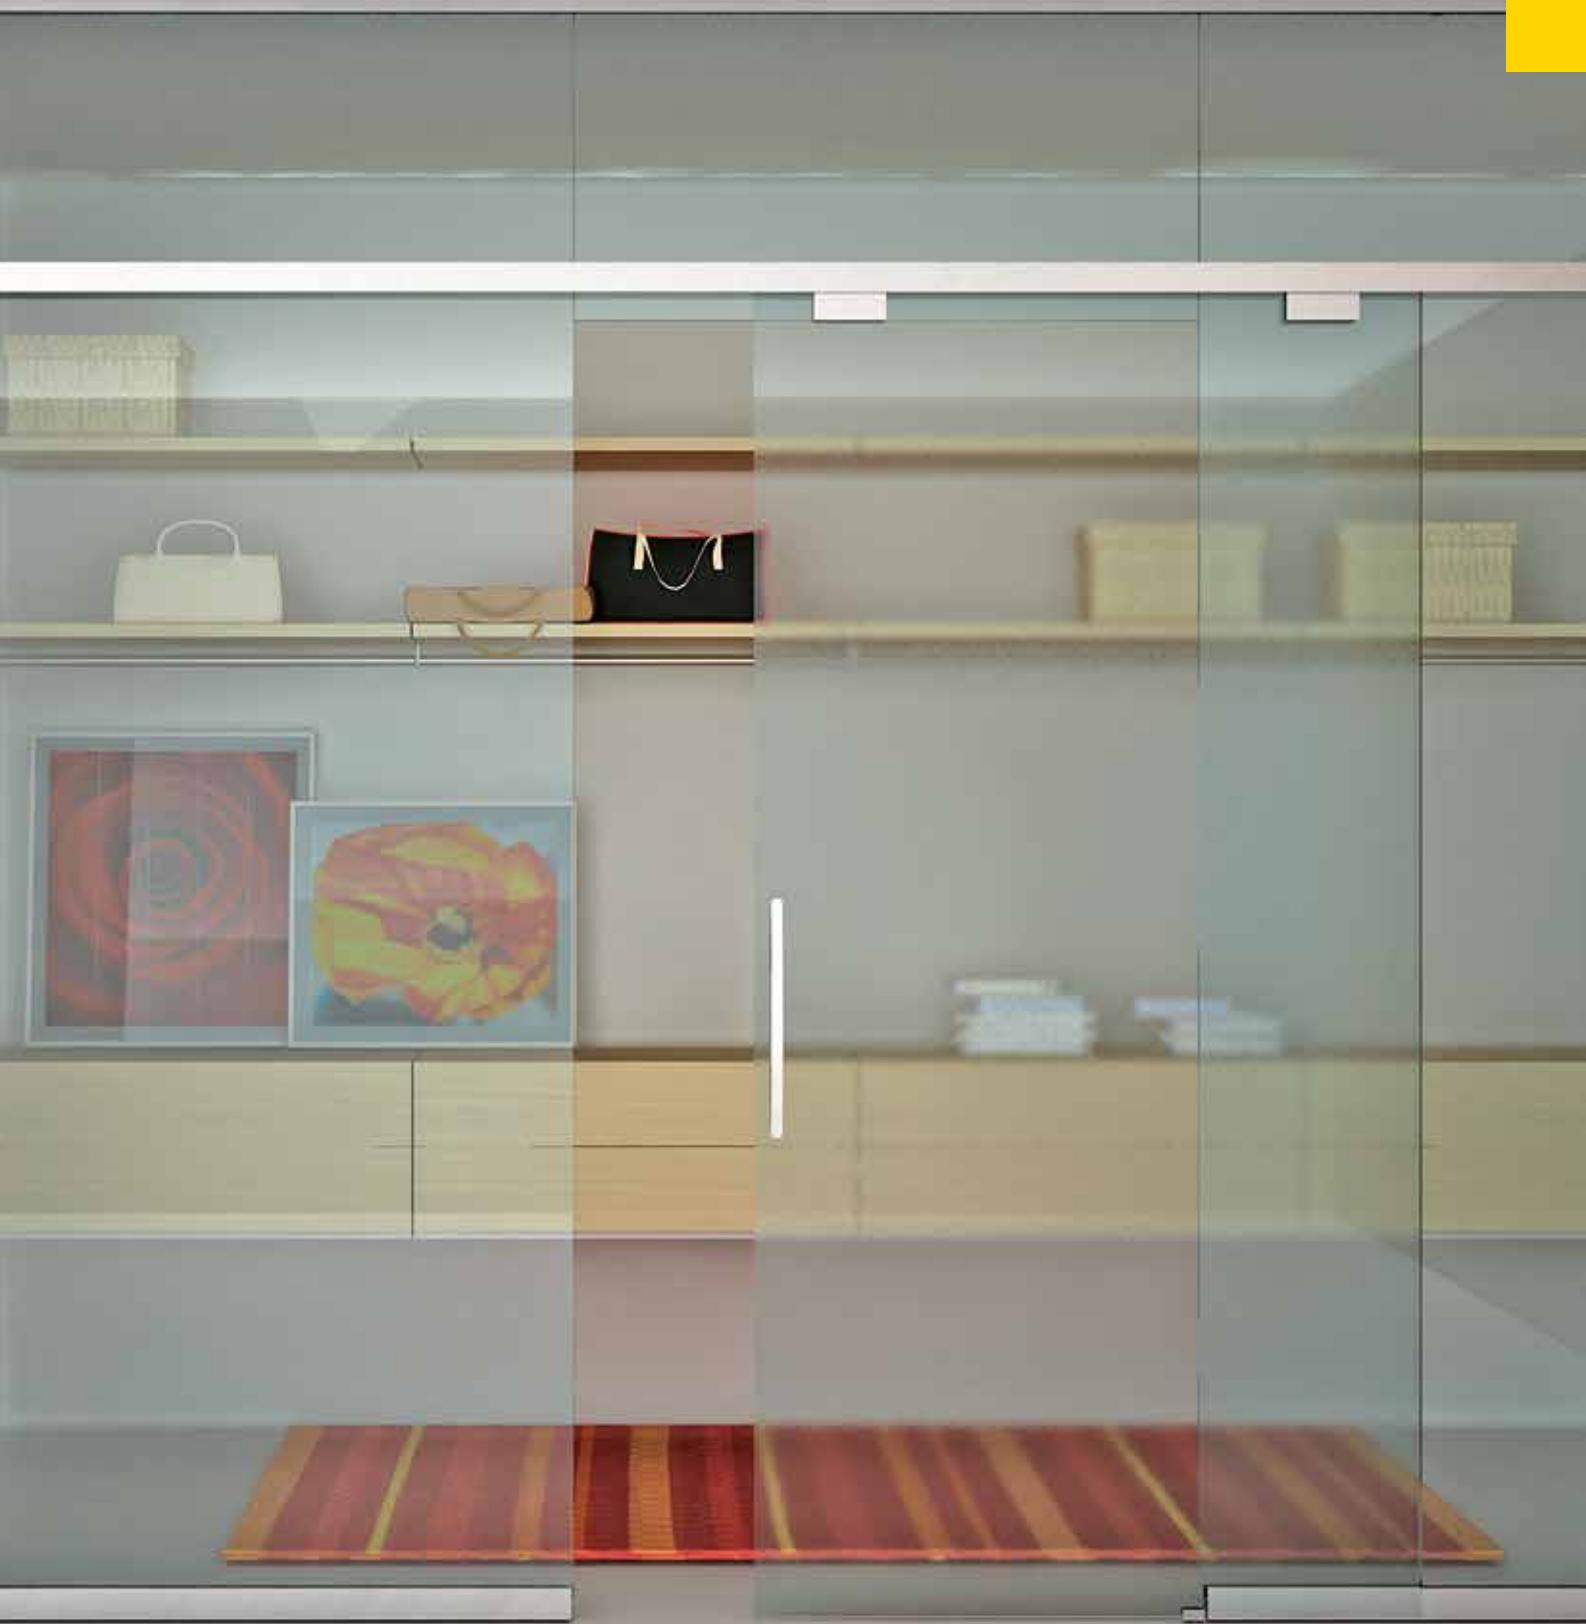

- Stärke und Zuverlässigkeit
- reduzierter Anlauf und sichtbare Bänder
- Soft-close System als optional

Evoluzione del sistema Slak di cui mantiene le stesse caratteristiche tecniche ed applicative, design molto differente grazie ai 50 mm di altezza con pinze fermavetro a vista.

Evolución del sistema SLAK que mantiene las mismas características técnicas y prácticas, diseño muy diferente gracias a sus 50 mm de altura con pinzas de cordón a vista.

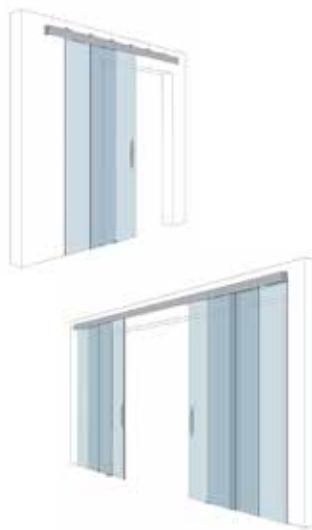

Evolution of Slak system of which it maintains the same technical and practical characteristics, very different design thanks to its 50 mm in height with glass-blocking pliers.

Entwicklung des Slaksystems, wovon die gleichen Techniken und Anwendungen instand hält, aber ist ästhetisch sehr unterschiedlich dank den 50 mm in der Höhe mit sichtbaren Glasblockierendenbändern.

Slak-T

+++

- passaggi porte ampi
- solidità e sicurezza
- 2 ante mobili per parte

- medidas amplias de puerta
- solidez y seguridad
- dos puertas móvil cada parte

- wide doors gate
- solidity and safety
- 2 moving glazings for each side

- große Türgänge
- Solidität und Sicherheit
- 2 Schiebeflügel auf feder Seite

Sistema scorrevole con binario a due vie che permette lo scorrimento parallelo a trascinamento, sia in apertura che in chiusura, di 2 ante mobili per parte. La veletta dalle dimensioni ridotte di 103 mm di altezza, racchiude un meccanismo robusto che supporta applicazioni a muro e a soffitto in quattro varianti. Soluzione ideale per chiudere grandi luci fra due ambienti.

Sistema corredero con carril de dos vias que permite el deslizamiento paralelo, tanto en la apertura como el cierre de las dos puertas. La tapa embellecedora de 103 mm de alto, esconde un mecanismo robusto que soporta fijaciones a pared y al techo en cuatro variantes. Soluciones ideales para cerrar grandes espacios en dos ambientes.

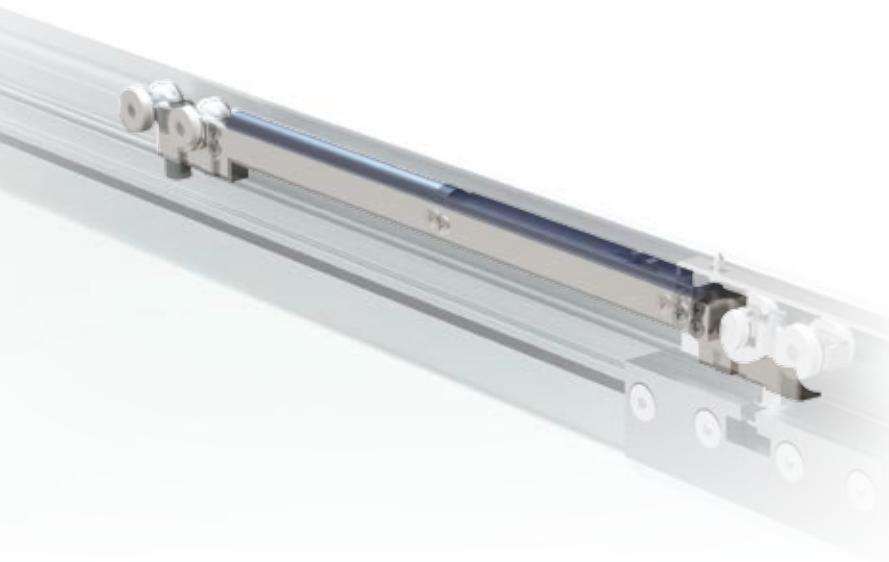

Sliding system with 2-ways rail which allows the parallel drive sliding of 2 moving glazings for each side, both while opening and closing. The spandrel panel with reduced dimensions of 103 mm in height, holds a robust mechanism that bears wall and ceiling applications in 4 versions. Ideal solution to separate big spaces into two.

Schiebesystem mit zweiweger Schiene, das das Parallelmitnahmeschieben von 2 Flügeltüren auf jeder Seite erlaubt, sowohl zum Öffnen als auch zum Schließen. Der Anlauf mit geringen Maßen von 103 mm Höhe enthält einen robusten Mechanismus, der Wand- und Deckenwendungen in 4 Varianten erlaubt. Ideale Lösung für die Schließung von zwei großen Räumen.

accessori

complementos complementos ergänzungen

art. BS35 SOFT-CLOSE

SOFT-CLOSE è un meccanismo frenante per chiuse ammortizzate, applicabile su richiesta ai sistemi SLAK, SLAK-2 e SLAK-T. Con SOFT-CLOSE l'anta viene frenata lentamente fino a toccare silenziosamente la battuta di chiusura.

SOFT-CLOSE es un mecanismo de freno para el bloqueo de amortización aplicable contra demanda a los sistemas SLAK, SLAK-2 y SLAK-T. Con SOFT-CLOSE la puerta es bloqueada lentamente hasta llegar a tocar el cierre en silencio.

SOFT-CLOSE is a braking mechanism for amortized locking, applicable on demand to SLAK, SLAK-2 and SLAK-T systems. SOFT-CLOSE blocks the door slowly until it gently touches the closing beat.

Soft-Close ist ein Bremsmechanismus für gedämpfte Schließung und ist bei Bedarf an SLAK-, SLAK-2 und SLAK-T Systeme anwendbar. Durch Soft-Close wird die Tür langsam gebremst, bis sie leise zur Schließung kommt.

Flo

BF00

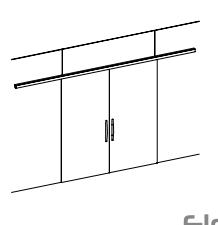

Kit scorrevole "Flo" ad un ante - fissaggio su vetro.
(BF40 e BF45 esclusi).

8-10-12

Kit corredero "Flo" para una puerta - fijación en el vidrio. (BF40 y BF45 excluidos).

650÷2000

Sliding set Flo - one glazing fixing on glass.
(BF40 and BF45 not included)

BF01

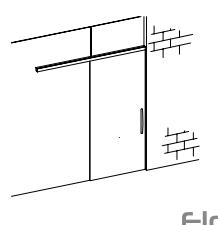

Kit scorrevole "Flo" a due ante - fissaggio su vetro.
(BF40 e BF45 esclusi).

8-10-12

Kit corredero "Flo" para dos puertas - fijación en el vidrio. (BF40 y BF45 excluidos).

1450÷2000

Sliding set Flo - two glazings fixing on glass.
(BF40 and BF45 not included)

BF03

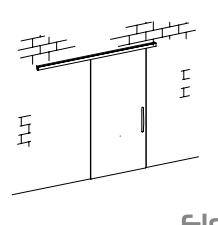

Kit scorrevole "Flo" ad un ante - fissaggio su vetro con muro laterale. (BF75 e BF45 esclusi).

8-10-12

Kit corredero "Flo" para una puerta - fijación en el vidrio a muro lateral. (BF75 y BF45 excluidos).

750÷2000

Sliding set Flo - one glazing fixing on glass with side-way wall. (BF40 and BF45 not included)

BF05

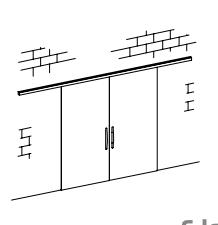

Kit scorrevole "Flo" ad un ante - fissaggio su muro.
(BF40 e BF45 esclusi).

8-10-12

Kit corredero "Flo" para una puerta - fijación en la pared. (BF40 y BF45 excluidos).

650÷2300

Sliding set Flo - one glazing fixing on wall.
(BF40 and BF45 not included)

BF06

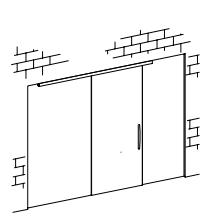

Kit scorrevole "Flo" a due ante - fissaggio su muro.
(BF40 e BF45 esclusi).

8-10-12

Kit corredero "Flo" para dos puertas - fijación en la pared. (BF40 y BF45 excluidos).

1450÷2300

Sliding set Flo - two glazings fixing on wall.
(BF40 and BF45 not included)

BF07

Kit scorrevole "Flo" ad un ante - fissaggio a soffitto.
(BF75 e BF45 esclusi).

8-10-12

Kit corredero "Flo" para una puerta - fijación al techo.
(BF75 y BF45 excluidos).

850÷2300

Sliding set Flo - one glazing fixing on ceiling.
(BF40 and BF45 not included)

BF10

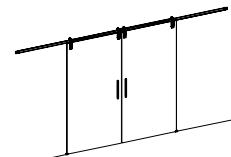

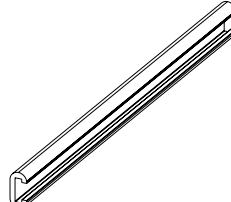

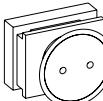

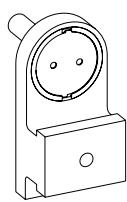

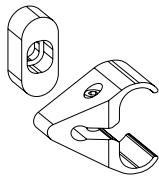

Set Schiebetür Flo mit einem Flügel - Befestigung an der Decke. (BF40 und BF45 ausgeschlossen)
